SUMMARY

I am a passionate Senior Video Editor with 2–3 years of professional experience in the EdTech and digital media industry, currently working with Physics Wallah (PW). I specialize in creating high-impact visual content including documentaries, teasers, promotional videos, reels, and short-form content. With strong command over industry-standard tools and growing expertise in AI-assisted workflows, I deliver visually engaging and audience-focused video solutions under tight deadlines.

SKILLS

Software & Tools: Adobe Premiere Pro, Adobe After Effects, Adobe Photoshop, Adobe Illustrator, Adobe Audition AI Tools for video enhancement, background removal, automation & productivity

Soft Skills: A creative and detail-oriented video editor with strong time management, effective communication, teamwork, problem-solving abilities, and a professional approach to client and project handling
